21. Republican governors and attorneys general from 26 states, with the support of Republicans in Congress, sued the Obama administration to stop President Obama's executive actions on immigration, and block DAPA and changes to DACA. The Supreme Court issued a tie vote of 4 to 4, which leaves a lower court ruling in place. This means that DAPA and changes to DACA will not be implemented. Do you agree or disagree with the Republican lawsuit that is blocking President Obama's executive orders on immigration and stopping DAPA and changes to DACA from taking place?

Methodology

Latino Decisions interviewed a total of 3,729 Latino registered voters between August 19-August 30, 2016. Interviews were conducted in English or Spanish, according to the respondent's choice. Surveys were completed using a blended sample that included online surveys, and live telephone interviews on landlines and cell phones.

For seven individual states (Arizona, Colorado, Florida, Nevada, North Carolina, Ohio, and Virginia), a minimum of 400 interviews were completed to provide state-specific reliable estimates. The state-level results carry an overall margin of error of 4.9%. For the remaining 37 states and the District of Columbia an additional national sample was completed, and then combined with the seven state samples, and weighted for an overall combined nationally proportionate sample. The national sample carries a margin of error of +/-1.6 percentage points.
