Methodology

On behalf of Latino Victory Project, Latino Decisions interviewed a total of 800 Latino registered voters between July 18 – July 22, 2016. Surveys were implemented proportional to the size of the Latino electorate across the following battleground states: Arizona, Colorado, Florida, Georgia, Iowa, Michigan, North Carolina, Nevada, Ohio, Pennsylvania, Virginia, and Wisconsin. Interviews were conducted in English or Spanish, according to the respondent's choice. Surveys were completed using a blended sample that included online surveys, and live telephone interviews on landlines and cell phones. The sample carries a margin of error of +/-3.5 percentage points.
