Thinking about these different policy issues that we just asked you about, now we want you to rank them in importance. There will be a lot of different policy issues for the next Governor of California to address. For each of the following issues, please indicate how much of a priority you think this is to address this issue in the first year after being elected.

Q9. Please indicate how much of a priority you think this is to address this issue in the first year after being elected: Creating better paying jobs in your community

	State wide	Bay Area	LA/OC	Rest State	Eng Intv	Span Intv	US Born	Forn Born	Male	Female	18-35	36-59	60+	HS or <	Some Coll or >	<\$40K	\$40K-\$80K	\$80K or >	Dem	Rep	Ind/Oth	MX	Non-MX	Knows Undoc

**Policy Attitudes Among California Latinos**

Q24. In 2020 the United States government will implement the Census by sending a form in the mail to every single household to count the total U.S. population. In 2020 you can fill out the form by U.S. mail, or complete the census online using the Internet. On the form, you must indicate the name, age, gender and race or ethnicity of everyone living in your household. How much confidence do you have in the U.S. federal government to keep information about your household private and secure?

**Methodology**

On behalf of the Latino Community Foundation and the San Francisco Foundation, Latino Decisions surveyed 900 Latino adults between January 6-14, 2018. Interviews were collected via landline, cell phone, and web. The phone portion was conducted by live interviewers who were bilingual and administered the survey in language of preference of respondents. The online portion was conducted in a respondent self-administered format, and the survey and invitation was available to respondents in English or Spanish. The full data are weighted to match the Latino registered voter population in the 2016 Census ACS 1-year data file for age, gender, education, nativity, ancestry, and voter registration status. A post-stratification raking algorithm was used to balance each category to the ACS estimates. The survey carries a margin of error of +/- 3.3 percentage points. For questions on methodology please contact: Dr. Matt A. Barreto, [matt.barreto@latinodecisions.com](mailto:matt.barreto@latinodecisions.com)
