Survey Methodology

The results from this survey come from a statewide survey of 400 New Mexico likely voters, conducted from October 19-24 administered by Latino Decisions. Respondents were randomly selected from an online panel of New Mexico registered voters, who were screened to be likely voters in 2018. The poll has a margin of error of +/- 4.9%. The survey was administered in English and Spanish with respondents having the option to take the survey in their preferred language.
